

Background

The U.S. Department of Energy's (DOE) Office of Worker Health and Safety (WHS) focuses on and advances health and safety across the Department. WHS is DOE's safety and health corporate entity.

Purpose of this Web Site

The WHS Web Site provides:

- @ Access to Safety and Health Corporate Programs:
 - Messages from the Deputy Assistant Secretary regarding emerging issues and WHS initiatives.
 - HOT ITEMS news capsules on corporate services and activities, workshops, safety and health documents, and policy and regulations.
 - WHS Communications, such as the Bookshelf, Recordkeeping and Reporting, Response Line, and Related Sites.

Key Features

- @ Policy and Guidance that includes Safety and Health Policy Guidelines and Technical Committees.
- @ Radiation sites such as Bioassay Improvement Program, DOELAP, Policy/Regulations/Documents, Occupational Exposures (REMS), and Training.
- @ Other Safety and Health Corporate Programs, such as Aviation, Beryllium, Chemical Safety, Enhanced Work Planning (EWP), External Regulation, Federal Employee Occupational Safety & Health (FEOSH), Fire Protection, Respirator Protection Program, and Voluntary Protection Program (VPP).

Access

The Office of Worker Health and Safety Web Site is accessible through the ES&H Technical Information Services Web Site (ES&H TIS) at:

<http://tis.eh.doe.gov/whs/>
